EDUCATION

Savannah College of Art and Design
Major: UX Design
Expected Graduation: 2028

PROFILE

Detail-oriented UX Design student at SCAD with strong problem-solving abilities and a global perspective shaped by living in six countries. Skilled in wireframing, prototyping, user research, and AI-assisted design workflows. Experienced in full-stack development with RAG architecture. Seeking a UX design internship to apply design thinking and contribute in a collaborative team environment.

PROJECTS

AI Startup Mentor — Full-Stack Developer | Amazon Nova Hackathon · Team Project *Mar 2026*

- Built a full-stack web app with RAG architecture; designed user-facing interfaces focused on intuitive interaction.
- Continuing post-hackathon development to launch as a production-ready application.

Viral Forecasting: Epidemiological Models for Social Media | MAA

Undergraduate Mathematics Presentation · SCAD *Apr 2026*

- Modeled the ALS Ice Bucket Challenge using SIR equations, branching process theory, and network epidemic frameworks ($R_0 = 1.43$, $\tau = 2.1$ days).
- Developed original exponential barrier model $p(b) = p_0 e^{-b}$ predicting $R_0 \approx 0.70$ for the Rice Bucket Challenge, explaining limited global diffusion.

EXPERIENCE

Peer Mentor — Math Tutor | Savannah College of Art and Design *Apr 2025 — Present*

- Provide one-on-one math tutoring to SCAD students, adapting methods to individual learning styles.
- Develop structured lesson materials and track student progress for consistent improvement.

IB Math Tutor | Independent *Nov 2021 — Aug 2024*

- Provided personalized tutoring for IB Mathematics AA (HL & SL) over a 3-year period.
- Designed custom lesson plans tailored to proficiency levels and exam preparation goals.

Cafe Manager | SKY Castle Study Cafe *Jun — Aug 2021*

- Managed daily operations including scheduling, inventory, and customer service.
- Maintained a productive study environment, developing organizational skills.
